You know that a satisfied customer is one of your best sources for business referrals, and is likely to tell their neighbours about positive business experiences they have had.
**How can you quickly find the neighbours of your longtime customer Norman Leonard?**

Look up Norman's address in the STREET GUIDE. By doing so you will also find the names and addresses of his neighbours. The streets are listed alphabetically, so it's easy to find the addresses you are looking for.

The STREET GUIDE is also useful for any type of fund-raising or canvassing, and for planning delivery routes.

You are planning a direct mail program and your business experience has shown that your best customers own their home and have a household income over $60,000.
**How can you find information on homeownership and income?**

The DEMOGRAPHIC SUMMARY has information on homeowners and income levels, in addition to other demographic data, grouped by FSA. Once you identify the FSA's that meet your requirements, you can find them in the STREET GUIDE to improve the quality of your mailing.

**DEMOGRAPHIC SUMMARY** *(not all demographic components shown)*

Both A1X and A1Y have household incomes over $60,000, but A1X has a significantly higher number of homeowners. Since your best customers have historically had these criteria, you should target your efforts on FSA A1X.
